John, I was called just before I left for Lunch by Sandra Seanor about the Amendment request attached. They were in the process of preparing it for submission to the ICG for review and discovered a discrepancy from their records. The description on the attached sheet "SR331 just north.....Jefferson Blvd" is actually the description for DES# 0200874 if you look in SPMS and that is a mistake. The description for DES# 0200872 in SPMS is "Just South of 12th....SR933".

Please review your request and respond to me with the correct information to clarify exactly what your request is for.
